## HEATERS/THERMOSTAT/HYGROSTAT

JRQ15 ~ JRQ150 heater

JRQ250 ~ JRQ350 heater

JRQFS650BA fan heater

| Model  | Order    | Heat output (W)<br>20 °C ambient temperature | Maximum Allowable<br>Current (A) | L(mm) | Weight<br>(kg) |
|--------|----------|----------------------------------------------|----------------------------------|-------|----------------|
| JRQ15  | 2020.001 | 15                                           | 1.5                              | 65    | 0.2            |
| JRQ30  | 2020.002 | 30                                           | 3                                | 65    | 0.2            |
| JRQ45  | 2020.003 | 45                                           | 3.5                              | 65    | 0.2            |
| JRQ60  | 2020.004 | 60                                           | 2.5                              | 140   | 0.36           |
| JRQ75  | 2020.005 | 75                                           | 4                                | 140   | 0.36           |
| JRQ100 | 2020.006 | 100                                          | 4.5                              | 140   | 0.36           |
| JRQ150 | 2020.007 | 150                                          | 9                                | 220   | 0.54           |

| Model  | Order    | Heat output (W) | W×H×D(mm) | Weight (kg) |
|--------|----------|-----------------|-----------|-------------|
| JRQ250 | 2020.008 | 250             | 85×182×85 | 1.1         |
| JRQ350 | 2020.009 | 350             | 85×222×85 | 1.4         |

| Model      | Order    | Operating<br>voltage  | Heating<br>capacity<br>50Hz | Heating<br>capacity<br>60Hz | Inrush<br>current<br>max. | Pre-fuse<br>T (time-delay)<br>230VAC, 120VAC | Airflow,<br>free flow | Setting range<br>Temp.<br>regulator | Weight<br>(approx.)<br>(kg) |
